Demonstrations

- history of, 15-20
- plans of, 20, 23, 29
- purpose of, 29
- records kept, 24

Depth of planting, 17

- related to yields, 54, 55

Des Moines County, 18, 19**Diaz, Porfirio, Jr., 121****Ear testing of seed corn for germination, 56-58****Eggers, P. E., 69, 70****Fallacies in recommendations in**

- imported seed tests, 46, 47

Farm Bureau Farm Management Service, 84**Farm Progress Show, 106****Farmers' variety tests, 16, 22, 29-42**

- barren stalks, cause of low yields, 34, 35, 37-39
- counties were conducted, 18
- differences in yield, 30
- gain or loss of yield due to other causes than good or poor stands, 35, 40
- germination of seed related to yield, 32-34
- marketable ears related to yield, 35, 39, 40
- nubbins, a cause of low yields, 34, 35
- plan of demonstrations, 29
- purpose of demonstrations, 29
- second year tests, 40-42
- stand related to yield, 31, 32
- third year tests, 40-42

Fish, Don E., 19**4-H Club boys, 69****Germination tests**

- value of testing each ear, 56-58

Given, Superintendent of the

- C.R.I. and P. Railroad, 112

Golden King corn, 96**Gorozpe, Sr. Luis, 120, 122, 125****Greene County, 18, 20****Greve, C. W., 69, 70, 71, 73****Guthrie County, 18****Hacienda de Pate, 121, 122****Hacienda de Tuzamapam, 121, 124****Hardin County, 18, 20****Hedin, Eric, 127****Henry County, Illinois, 84****Henry County, Iowa, 18, 19****Hershey, Isaac, 89****Higgins, A. L., 19****Holden, Perry G., frontispiece, 5, 7, 8, 15, 17, 19, 21, 71, 73, 97, 98, 103, 109, 110, 116, 117, 121, 128****Homrighausen, J. N., 69****Hughes, H. D., 8, 90, 95****Hull, Iowa, 15, 16****plaque at, 16****Humboldt County, 18****Hybrids**

- open pollinated strains compared with, 94
- similar to yield test selections of open pollinated varieties, 106
- yield tests important to breeding programs, 86-89, 96

Imported seed, 43**Individual ear tests, 48-53**

- purposes, 48
- yield differences, 48, 51
- yield related to
 - barren stalks, 50-52
 - germination tests, 17, 48, 49
 - marketable ears, 51, 52
 - stand, 49, 50
